Some are intrigued and interested on the various pictures, designs and colours. people collect stamps because these small pieces of paper represent history and a whole lot of information. It teaches and educates the rare

Importance of philately.

"Be like a postage stamp. Stick to one thing until you get there" — Josh Billings.

"In science there is only physics, all the rest is stamp collecting" — Lord Kelvin.

Philately, the study of postage stamps, stamped envelopes, postmarks, postcards and other material relating to postal delivery. The term philately also denotes the collecting of these items. "postage-stamps" basically as a token for payment of postal taxes, are now being recognized as an information source and historical document in recording national achievements that visually convey four core elements: denomination, country name, geographical design and the textual element. They are a valuable means of communication easily available overtime. The information technology wave changed the hobby of stamp collection to digital philately. philately involves the activity of philatelic collecting and studying philatelic products. It signifies more than a concern for beauty, challenge, information, education, friendship and fun. The philately motivated them to collect stamps is the pure simple joy they feel when collecting. The process of searching, locating and buying common stamps, new stamps, rare and old stamps gives the sense of pride, success and accomplishment. For some people, just the hunt is a pure fun of the hunt.
